Appeal to Modification of Service Start Date

Applicant: Winton Elementary School District BEN: 144435

Service provider: Pacific Bell Telephone Company Spin #: 143002665

Form 486 Application #: 1007651

Form 470 Application #: 932850000649650

Form 471 Application #: 925700 FRN #: 2526735

08/29/2014

The Winton Elementary School District would like to request a waiver to the 120 day filing requirement for 486 #1007651 based on the findings of CC Docket No. 02-6. The service start date of our Opt-E-Man broadband connection was adjusted to 12/11/2013 for the funding year 2013-2014. The late filing was due to staff mistakes and circumstances beyond our control which are valid reasons as stated in CC Docket No. 02-6 paragraph 7.

The Opt-E-Man service provides connectivity between our school sites and to the internet. I filed our 486 in August 2013 for our Opt-e-man high speed bandwidth. When I filed the 486 for the Opt-E-Man I printed the 486 before I certified it online. I remembered getting the certification page but when I went to print the certification page the internet browser crashed and I was unable to print it. Because I received the certification page with the certification number I was sure that it was filed correctly and certified.

During this time I was having severe medical problems and in the middle of September I became unable to work. Because of illness I was out of work for four months until after the 1st of the year. This time included a month in a hospital in Miami, FL. Once I was cleared to come back to work it was for modified duty and I was only able to work part day through February.

We are a small school district and we only have about 1800 students, 4 schools and a district office. The Information Technology Services department only has two employees, I and one other. There is no one else in our district that is proficient in Erate or who knows about the

time lines associated with the filing of Erate. When the "Urgent Reminder" USAC said they sent came in January 2014 I was still out on medical leave. This is a situation that is addressed in CC Docket No. 02-6 paragraph 7; small school districts where only one person knows the Erate processes.

Once I was back at work full time, in April I noticed that we were not getting our Erate discounts and USAC told me to file another form 486. When that was approved though, they modified the service start date to 120 days prior to December 13, 2013.

In the Federal Communications Commission document CC Docket No. 02-6 paragraph 7, the FCC states "...we find that good cause exists to waive the deadline for filing the FCC form 486 for Petitioners." And goes on to say "As we recently noted in *Bishop Perry Middle School*, a departure from required filing deadlines may be warranted upon careful review of the Petitioner's case and when doing so will serve the public interest. Generally these applicants claim that staff mistakes or confusion, or circumstances beyond their control resulted in missing the FCC form 486 deadline." The late filing of the 486 was indeed due to my "mistakes and confusion" which can be attributed to my pending illness which were circumstances beyond my control and that of the Winton Elementary School Districts.

The denial of the \$38,119.15, to quote the CC Docket No. 02-6 paragraph 7 "would inflict an undue hardship" on the school district. I respectfully request that you waive the filing requirement of this 486 in the good of the public interest and that of the Winton Elementary School District.

This information is being shared with the service provider whose Service Provider Identification Number (SPIN) you identified on each Funding Request Number (FRN).

You may be receiving this letter to revise or correct a previous Form 486 Notification Letter. NEXT STEPS

Discuss with your service provider whether you would like discounts on your bills or to pay your bills in full and be reimbursed for discounts.

Applicants invoice USAC before the invoice deadline using the applicant invoice [FCC Form 472, Billed Entity Applicant Reimbursement (BEAR) Form] for reimbursements of discounts after paying the service provider bills in full. Service providers invoice USAC using the service provider invoice [FCC Form 474, Service Provider Invoice (SPI) Form] after billing applicants for their non-discount portion. Whichever method you choose, you must pay your non-discount portion, as stated in program rules. Program rules also require that participants maintain all documentation for at least five years after delivery of discount service.
